

# RSM-101

## Small-Wire Shaftless Respooling Machine

18" diameter x 2'-12" wide  
with 1/2" to 2" arbor holes

150 lbs. maximum weight capacity

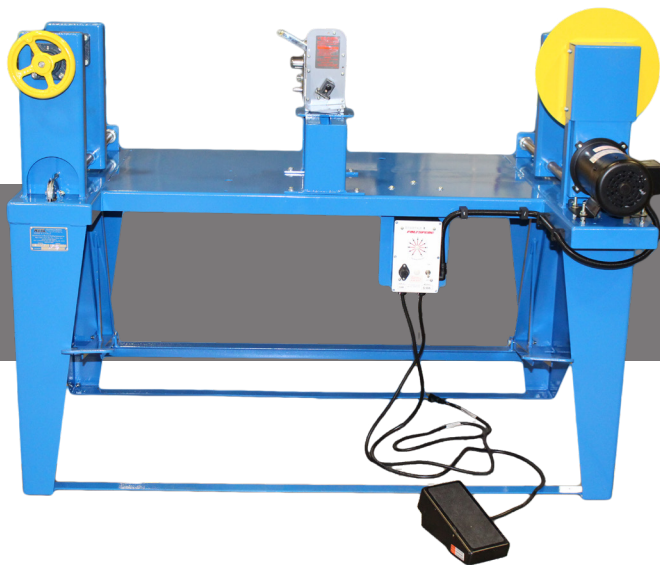

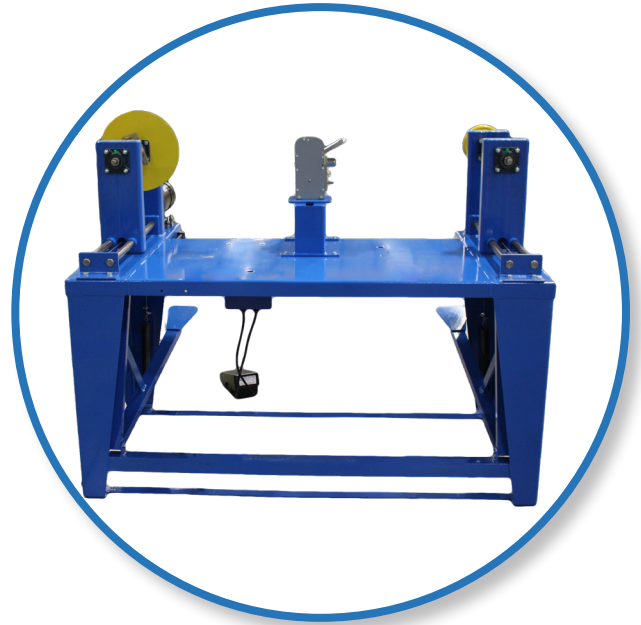

- 1/2 HP 120 VAC
- Variable speed drive (0-1000 FPM)
- Hand wheel on payoff for manual tension control
- Operator variable speed safety footswitch
- Option: electromagnetic tension brake

# RSM-101

## *Small-Wire Shaftless Respooling Machine*

- All-in-one design
- 1/64"-7/8" material measure capacity

Available in imperial or metric readout

- Open-front table top with foot-actuated slide action for loading spools
- Cone bushings for spool arbor holes and adjustable drive pins
